LONDON, Jan. 18.—Dr. Rosaix, president of the German Farmers' union, is quoted in an Amsterdam dispatch to Reuter's: "God has given us a hint. He caused the harvests of the world to be so bad that England finds it difficult to feed itself. Therefore if we do not prevent the wheat laden ships from Australia and India reaching England it is doubtful whether God again will give us such an opportunity, because He demands the hand shall be seized which He stretches out to us."

The British troops in France have hit the German line hard at two places for good gains, according to the latest British communication.

Northeast of Citeclonne the Canadians carried out a brilliant raid of German trenches on a front of 700 yards and penetrated the positions to a depth of 500 yards to the German second line. The German dugouts were completely wrecked and 100 men were made prisoners. The Germans suffered heavy casualties.

At Beaumont sur Ancre another drive by the British gave them German positions over a front of 600 yards which they held despite a counter attack in which the Germans lost heavily under the British barrage fire.

The Teutonic allies also were driven out of the village of Gerleschi, near the mouth of the Rinnik river, but later the Russians were compelled to withdraw in the face of superior forces. The Berlin war office admits that Field Marshal von Mackensen's Turkish advance posts near Vadeni were withdrawn, but makes no mention of the evacuation of the village.

DEWEY'S MEMORY ACCORDED
GREATEST HONORS IN HISTORY

(By Associated Press.)
WASHINGTON, Jan. 18.—Funeral service for Admiral Dewey, giving fitting expression to the nation's affection and sorrow and bestowing the highest public honors that can be given a national hero, are planned by officials of the federal government.

It was decided to hold the public ceremonies Saturday in the rotunda of the capitol and to bring to Washington for an escort of honor all available forces of both the naval and military arms of the service.

Under the president's order, flags on all government buildings, forts and naval vessels throughout the world will fly at half mast until after the funeral ceremonies. In a separate order, Secretary Daniels directed that the navy department building here be draped in black and that all officers of the navy and marine corps wear mourning with their uniforms for 30 days. The secretary also ordered each senior ship afloat to fire an admiral's salute of 19 guns at noon on Saturday.

The funeral plans provide for a private service at the residence, attended only by members of the immediate family, before the body is taken to the capitol. In the cortege will be practically the entire corps of high officials, the midshipmen from Annapolis, sailors and marines from the Norfolk navy station and the Washington navy yard, and various other army and navy units.

EXTRA JUROR FOR
TRIAL OF MOONEYSTATE PROCEEDS WITH HEAR-
ING OF ALLEGED BOMB
MAKER

(By Associated Press.)
SAN FRANCISCO, Jan. 18.—The twelfth man on the jury panel to try Thomas J. Mooney for murder was sworn in here last evening. A thirteenth juror to guard against any contingency or illness was selected today, after which the prosecution made its opening address to the court.

Mooney, with Israel Weinberg, Edward Nolan and Mrs. Rena Mooney, are accused with murder as the result of a bomb explosion here last July which cost ten lives and in which forty persons were wounded. Warren K. Billings already has been convicted and sentenced to life imprisonment on the same charges. Mooney is on trial separately.

Assistant District Attorney Edward A. Cunha, conducting the prosecution, said in his opening statement that Mooney and Billings were at the scene of the explosion shortly before it occurred; that Mooney waited while Billings placed the suitcase containing the bomb near a saloon at the corner of Steuart and Market streets and that later both hurriedly left the vicinity.

Assistant District Attorney Cunha charged Mooney, leader of the anarchist organization known as "The Blasters," threatened President Wilson's life. He promised to prove his object was to stop preparedness.

When Dewey won his place in history at Manila bay, will be in charge of the services at the capitol. At the residence the Rev. Dr. Roland Cotton Smith, pastor of St. John's Episcopal church, the admiral's place of worship, will officiate.

Naval officers say that probably never before had such signal honor been paid a dead hero as that provided for Admiral Dewey in Secretary Daniels' order, sent broadcast by the Arlington wireless station to American vessels and shore stations everywhere.

"It is with feelings of genuine grief," the order said, "that the secretary of the navy announces the death at his residence in Washington of the admiral of the navy."

"The career of George Dewey ran in full current to the end." Vermont was his mother state and there was always in his character something of the granite of his native hills. Dewey was under fire with Farragut in the Mississippi river and bore himself gallantly throughout the war between the states.

"The battle of Manila bay, on May 1, 1898, made him the foremost naval officer since Farragut and victor of the first American sea fight with a foreign foe since the war of 1812."

"Gentlemen, a higher power than we have won this battle today," the commodore said to his captains at the conclusion of the battle, when it had been learned that the victory, one of the most decisive in our history, had been won, without the loss of a sin-
